

# - Data Types Review.

- Desc. for Dog

↳ String(✓) - Done!

- Manufacturer Own entity
- Zip change to int (address)
- Phone # to int /

# - EER:

- Age useful for queries
- Fee is solid
- Make address a composite
- State to status
- Waived fee
- Look into disjoint person

# - BLC:

- #2 for user access?
- General cleanup
- Simplify verbiage (no CS terms)

- #4 on Dogs need to be simplified
- #5 on Dogs is in EER(✓)
- #6 on Dogs rephrased
- #8 on Dogs rephrased
- #9 on Dogs rephrased
- #2 on Surr. rephrased
- #3 on surr. rephrased
- #1 on adopt. remove EER stuff(✓)
- Dog can only be surrendered once
  - ↳ Add this
- Add constraints in UI to user
  - ↳ 15 dogs (can't click add)
- Redo U.I to dog dashboard
- Clarify if BLC should only be on items in EER.
  - ↳ Make post to clarify
- Ulga reworded
  - ↳ Query vs diagram question for BLC?
- Ex. Most recent application is constraint? yes?
  - ↳ Word like it's a constraint

- Monthly adoption report #2 reward
- Sorting a constraint?
- Volunteer birthdays #1, #2 reward
- Selecting diff. months?

## Task Decomp:

- Diagram
- Vendor? user ore schema
- Add Dog (remove expenses)
- Clarifg between # of locks  
vs schemas?
- What do schemas entail?
- Do checks count as subtasks
- Pretty frequently → odd
- Schemas? Bridges?
- Expenses only exist for day.
- Conditions vs Subtasks
- Semi-frequently
- Performance is no info entered?

- Insert happens elsewhere on VOD
  - Do Update Dog Information as task
- 

2/3 (Abstract code):

- Filter dropdown added to everything
- Move selection above upon
- Heater updated EER for birthdate (account for this)
- MicrochipID disabled until they select vendor
- Move dog==adopted to top

- Adoption eligibility determined by the application
  - ↳ Application Status
  - ↳ No application or status is pending approval
- Expense vendor for current date
- Category → vendor
- Goes back ; reloads to Dog Details
- Show adopter info. again
- First name ; last name for display of applicants
- Adopter contact info.
  - ↳ Display everything
- From 'Add Adoption' go back to Dog Dashboard

- If email address exists:
  - application for today exists
- Navigate back to Dog Dash.
- isAdmin → is Director
- Surrenders to 'Surrender Date'
- Net profit is 25% of expenses
  - 10% for animal control
  - Free is named 'sideways' (Pg.3)
- Figure out best way to group by breed
- Store birth date to derive age
  - ↳ Add to EER
